

Search for the Lost City

by Ryan Waldron • 1998

(Edited by Samuel J. Wood in 2026)

King Tial of Cestra needs heroes to destroy the Dreggs, a cult of evil mages whose raids grow bloodier by the week. Only the Abyssmal Wrath can destroy their head mage, and it lies in the city of Caelum, which vanished from the face of the world 156 years ago. Find the lost city, then carry the weapon deep into the Dreggs' own lands.
